STUDY ABROAD TRANSFER CREDIT APPROVAL EVALUATORS

To the Student: The faculty and academic advisors listed below are responsible for approving the transfer of credit for study abroad courses. Courses that are not in the [SIS Transfer Course Guide](#) must be evaluated. **All HASS courses taken abroad must be evaluated and approved even if they are listed in the Transfer Course Guide.** A completed and signed Study Abroad Transfer Credit Approval Form should accompany your study abroad application, although it is understood that you will not necessarily enroll in all of the courses that appear on your form, and that you may need to seek additional approvals based on actual course offerings abroad. Make sure to check your academic program template for any restrictions on the transfer of credit towards major requirements. The transfer of credit does not occur until an official transcript is received from the host institution.

Note to SoE students: Your overall plan of study must be approved by the evaluator in your major department, and by the SoE Associate Dean for Undergraduate Studies, JEC 3018. A signature from your Academic Advisor is *not* necessary.
